

# PestBlaster

DURABLE • EFFICIENT • VERSATILE

**PESTOOL**  
equipment

Cordless electric duster for pest control professionals.  
Use against cockroaches, ants and other pests.

Recommended for use in areas with heavy infestations.

## HIGH PRECISION

The PestBlaster comes with several types of extensions and nozzles, allowing you to do both highly targeted spot treatments and generalized treatments.

## EASE OF USE

The PestBlaster is cordless and lightweight, making it a functional and convenient tool when maneuvering across your project space.

## LONG BATTERY LIFE

The PestBlaster's rechargeable battery gives you up to 60 minutes of continuous runtime at full power.

## VERSATILE APPLICATION

The PestBlaster and its attachments can adapt to various pest control needs, making it suitable for diverse pest management challenges.
